

My family listens to AIR 1 radio on 98.7 at home and in the car every day. We are thrilled that this is a "clean" station playing only positive music. If this station were displaced by an LPFM broadcaster providing other programming, we would be back to playing only our own CDs in order to protect our children from the foul, sexual lyrics & questionable comments of disc jockeys that are commonplace on stations other than AIR 1. In a day and age when most media pushes violence, sexual immorality, & other perversions at the public, AIR 1 serves the public interest by providing a much-needed, wholesome alternative. Please allow AIR 1 to continue broadcasting nationally.
